

STANDARDS

Megafend's selection of standard products covers the more generic mooring needs where custom design & fabrication is not required. The products feature the same prime-quality materials as are found in our custom line. Most are available in a choice of color.

Megafend® fender hook's core structure is durable aluminum. Outer and inner surfaces are covered with premium-grade **NEV-oil™** leather guaranteed against mildew or fungus growth, in black or natural finish for an outstanding look. The finest sheep's wool covers the inside of fender hook models designed for varnished or painted rails, protecting rail surface area. Megafend fender hooks are designed for heavy use.

Models available

- FH3B (black) • FH3N (natural) for 75 mm (3") rails
- FH4B (black) • FH4N (natural) for 100 mm (4") rails
- PR100B (black) • PR100N (natural) for 25 mm (1") pipe rails
- PR125B (black) • PR125N (natural) for 32 mm (1-1/4") pipe rails
- PR150B (black) • PR150N (natural) for 38 mm (1-1/2") pipe rails

Mega 30® solid-core fenders are covered in quality Sunbrella® marine fabric in black. Performance engineered to withstand heavy use. The core, easily permits standard 16mm (5/8") line to be inserted for suspending the fender. Fender may be used vertically or horizontally. Mega 30 • 50 cm (20") length, 15 cm (6") diameter. • **HDI™ inflatable space saving fenders** are available in three popular standard sizes to match most all needs. Each features high-density materials with seams welded, not glued, for built-in strength. >

Mega 30® solid-core fenders

HDI™ inflatable fenders

- Model 45110— 45 cm (18") dia. x 110 cm (45") length
- Model 65165— 65 cm (26") dia. x 165 cm (65") length
- Model 95185— 95 cm (88") dia. x 185 cm (75") length

Megafend® removable chafe gear installs easily and assures an aesthetically pleasing, tight uniform look. Megafend **fluffy chafe gear** is constructed with quality sheep's wool in a size that matches the line diameters readily used. Our **CG chafe gear** is made with premium ballistic nylon for excellent wearability in a range of standard sizes to match popular line diameters and lengths needed.

Models available
